NEW ELEVATED EATS

TRATTORIA ROMANA

Your customers table awaits at Trattoria Romana. This isn't just a restaurant. It's an instant legend. The kind of place they hear everyone talking about. Where the recipes have been perfected for years. The fresh homemade pasta is almost too good to share. Every sauce is so delicious, it would be a crime not to dip their bread in it. From dishes prepared tableside to decadent details everywhere they look, the golden age of dining out is back. Date night has never been saucier.

FINE CUT STEAKHOUSE

We're bringing the signature sizzle of Fine Cut Steakhouse to Celebrity Solstice. With 30-day dry-aged steaks, the freshest seafood, servers who know your customers better than they know themselves, and elegance at every turn, it's no wonder this restaurant has earned raves from Forbes Travel Guide. We're sure they'll agree. This is date night dining done right.

NEW HOT SPOTS

BOULEVARD LOUNGE

Good times and glamorous vibes take centre stage at Boulevard Lounge. From interactive daytime activities like new game shows and trivia to elevated evenings of candlelit concerts and dueling pianos, our cabaret-inspired lounge offers a dramatic new take on showtime anytime. Just steps away, they can pull up a seat at Boulevard Bar for handcrafted cocktails before or after the show—or both.

CRAFT SOCIAL

Craft Social is the new go-to hangout on board. It's more than a sports bar. It's a game bar where the action never stops. Whatever game they want to watch, it's on. Whatever game they want to play, it's here. The vibe feels exclusive, but all are welcome, and friendly competition is encouraged. They can challenge friends to a round of billiards, darts, or their favourite throwback board game. We've got an entire library of them.

NEW OUTDOOR ESCAPES

SUNSET PARK

Your customers can soak up the great outdoors in the great outdoors, while they enjoy elevated eats, drinks, and open-air concerts. They can catch a movie on the big screen, curl up with a good book, play lawn games, or just do some people watching. We won't judge. Your customers can even reserve a private cabana with dedicated attendants and feel like they have the whole park to themselves. And every hour is happy hour at our newly expanded Sunset Bar, where they can drink in the views, along with their favourite cocktail. A day at the park never looked so good.

NEW WAYS TO STAY

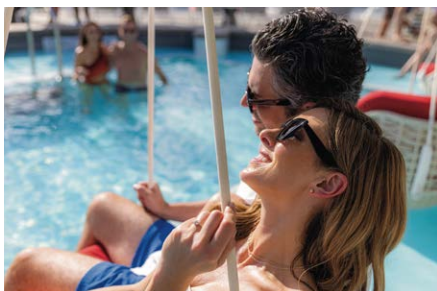

ROOMS AND SUITES

Your customer's room is their home away from home, so we're giving them an even more stylish stay on the renewed Celebrity Solstice. That's right. We're updating every single room. On top of that, we're expanding AquaClass for even more spa-inspired bliss and creating exclusive new experiences for guests of The Retreat.

AQUACLASS ROOMS

If your customers want to relax and restore like never before, AquaClass is exactly what they need. Every room is newly updated. And as always, they're infused with spa-inspired elements. Think massaging shower heads, aroma therapy diffusers, in-room yoga mats, luxurious robes and slippers, and even a pillow menu for the perfect night's sleep. Their private veranda is perfect for dining alfresco or soaking up some Vitamin D. With complimentary access to The Spa, they'll discover their best self every day of their stay. Newly expanded and exclusive restaurant Blu proves that eating healthier has never tasted better. Now, with even more AquaClass rooms than before, the renewed Celebrity Solstice makes finding bliss on holiday even easier.

THE RETREAT

Leave it to us to make the most elevated experience at sea even better. We've completely reimagined their stay at The Retreat on Celebrity Solstice, starting with suites so beautifully updated they'll never want to leave them. But they should, because they don't want to miss all the exclusive experiences reserved only for guests of The Retreat. Unwind in style at their all-new sundeck and feel the stress float away in the oversize hot tub pool. They can catch up with friends at the redesigned lounge and enjoy a round of drinks at the bar. Explore a delicious new menu of Daniel Boulud signature dishes at their private restaurant, Luminae. And if they need anything? Their dedicated butler is always a message away, if they haven't read their mind already. This is how the suite life is done.
