

QUEEN MARY 2

Queen Mary 2 is the world's only ocean liner offering regularly scheduled transatlantic crossings between New York and Southampton. Launched in 2004 as the world's largest passenger ship, Queen Mary 2 remains the largest ocean liner ever built.

Queen Mary 2 seamlessly combines classic British heritage with Cunard's hallmarks of nostalgia, opulence, and style, evident in sweeping staircases, a grand ballroom, and a wraparound promenade deck.

She is one of the most spacious ships at sea, with 14 decks of lounges and bars, shops, and sports and even a seagoing planetarium! The ship boasts three pools, Mareel Wellness and Beauty, no fewer than 10 dining options, and one of the largest dance floors at sea.

Queen Mary 2 features.

Cunard's magnificent Queen Mary 2 features some of the finest appointments at sea. The ship provides 1,353 staterooms, 73% of those with private balconies (983 suites and staterooms).

There are 11 different stateroom types, including 172 suites and penthouses as well as two Grand Duplex apartments, each measuring 209m². Additionally, the ship provides 15 single staterooms with large ocean view windows.

Queen Mary 2 holds the only kennels at sea and is the only liner to regularly carry pets across the Atlantic. Staffed by a dedicated Kennel Master, the kennels can be accessed by pet owners during the voyage. They are fitted with a lamppost, that was originally pitched outside Cunard's former world headquarters in Liverpool, and a New York fire hydrant, to make our guests' pets feel more at home.

Queen Mary 2's interiors were completely remastered in 2016. The casual Kings Court restaurant was reorganised, while the five-storey Grand Lobby benefited from new starburst carpets and the removal of internal lifts, greatly enhancing the usable space in this area.

Queen Mary 2's Mareel Wellness and Beauty spa is a relaxing sanctuary of calm. Steam rooms and an exclusive thalassotherapy pool provide complete tranquillity. Massage and specialist treatments are available for the ultimate pampering experience.

For more active travellers, Queen Mary 2 has a fully equipped gym as well as multiple swimming pools (indoor and outdoor) and expansive open deck space providing superlative ocean views.

A voyage on board Queen Mary 2 allows guests a unique opportunity to cross the Atlantic, as well as see the Northern Lights, sail the famous Suez Canal, or encounter Middle Eastern delights.
