Small ship cruising

The size of our vessels—with just 930 guests—gives us greater maneuverability, allowing us to dock where the mega-liners cannot, giving your clients easier access to their destination and more time to explore. From our prime, central berths in the world's great cities and seldom-visited ports, enriching discoveries are just a short walk from our ship.

Serene Scandinavian spaces

We've designed our vessels down to the most minute detail—from the serene Wintergarden, perfect for a calming cup of tea; to our Scandinavian-inspired spa, a Nordic sanctuary of wellness; to the Explorers' Lounge, where your clients can share their latest adventures with fellow travellers. Featuring plenty of natural woods, muted tones, high-quality textiles, leather and

pelts, and comfortable furniture by celebrated designers like Frank Ghery, Charles & Ray Eames. Each of our ocean ships features an impressive art collection which includes original pieces by Edvard Munch and H.M. Queen Sonja of Norway. The Viking Art Guide App is available to download on your clients' own mobile devices.

Culture Curriculum

Our Culture Curriculum, an exclusive onboard program, brings local history to life with lectures on history and art; tasting of vintage wines from our destinations; restaurant menus inspired by local cuisine; informative port talks; enriching destination performances featuring folkloric shows and musicians playing regional and classical music; and an onboard cooking school allowing guests to learn how to prepare local specialties. Unique to Viking, and as part of our onboard cultural enrichment program and commitment to destination-focused learning, our Viking Resident Historian faculty provides guests with lectures and roundtable discussions on the arts, architecture, music and culture of upcoming ports and various aspects of world history.

Destination Experts

At Viking, we believe travel should be more than just a trip—it should be a doorway to cultural insight and personal enrichment. That's why our intimate, inclusive cruise itineraries are designed to help your clients explore nuances of their destination: its food, culture, people and customs.

With more itineraries in more destinations worldwide, we offer behind-the-scenes insights and opportunities that set us apart from other travel companies. While our included and optional shore excursions cover cultural and historic highlights, we also go beyond, sharing with you The Viking Way through our Local Life, Working World and Privileged Access experiences - opening doors to people and places otherwise difficult to visit.
